IB Learner Profile

“The aim of all IB programs is to develop internationally-minded people who, recognising their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.”

The Learner Profile is a set of attributes which “express the values inherent to the IB Continuum of international education”. The Learner Profile lists ten attributes and descriptors which each student will seek to develop as they strive to be an internationally-minded person (Inquirers; Knowledgeable; Thinkers; Communicators; Principled; Open-minded; Caring; Risk-Takers; Balanced; Reflective).

The boys at MBBC use the Learner Profile throughout all aspects of their learning. Involvement in self and peer assessment using the Learner Profile will give students opportunities to reflect on individual aspects of their learning and themselves as a person. “The learner profile is a profile of the whole person as a lifelong learner.”

The Learner Profile, is a central component of all IB programs and Units of Inquiry and may be used when viewing and discussing each student’s development.
