

# Moreton Bay Boys' College

Prep – Year 12

## **Student Responsibilities**

We encourage all students to participate as much as possible in the extensive range of co-curricular activities offered at Moreton Bay Boys' College. We must insist that, when a student accepts membership of a school team or group, he accepts all the commitments involved in that membership. It is therefore, not acceptable for students to miss practices, matches or performances, or to arrive late for these commitments.

While students must be discouraged from making personal arrangements which conflict with their co-curricular commitments, it is important also that parents do not place their children in a position that forces them to shun their responsibilities to their team or group.

Such things as parental punishments which prevent a child from participating in his team's activities, or weekend excursions which preclude fulfilling co-curricular commitments, disadvantage the student's team mates. We urge that parents recognise their child's obligations to his team or group, and ensure that these obligations are met.

If for some reason a student is unable to attend a practice session, an email or a written note from parents or guardian is required requesting that a student be excused. This should be given to the appropriate coach. This is a matter of common courtesy.

## **Spectators**

All Students attending sporting/cultural events must be in full sports uniform or school uniform where appropriate.

## **Training**

Training days/times for co-curricular sports/activities will be determined by the Sports Master prior to the commencement of the season.
