Moreton Bay Boys College Science Club

Term 3 2010
Fee - $100
Time – Thursdays (3.00-4.30pm)
Where – Junior Science Room

Session 1 – Thursday 15th July
BURIED TREASURE (crystals) – How to enter the crystal growing competition. Grow the crystals of your choice for fun and enter them for judging if you dare! Learn about crystals and crystal forms along the way.

Session 2 – Thursday 29th July
WEATHER WATCH – Think about the weather – what is it and how does it affect our lives. All types of weather – storms, rain, snow, fog and cyclones all involve moving air as it is stirred up by the heat of the sun. Children will investigate the atmosphere’s movement and how it creates the Earth’s constantly changing weather.

Session 3 – Thursday 12th August
BEYOND THE EDGE (space) – Poor people have it, rich people want it and if you eat it you will die. Nothing – space is literally nothing at all. In space no-one can hear you explode, scream and you cannot cry. With less air there is less pressure and with no air there is a vacuum. Investigating the mysteries of space can be a blast.

Session 4 – Thursday 26th August
A HAIR RAISING EXPERIENCE – Static electricity just will not obey the rules. Understand why you can be Zapped by playground equipment, car doors, people, trampolines and shopping trolleys.

Session 5 – Thursday 9th September
HILLARY HAMBURGER – Children will investigate the chemistry of the foods of everyday living and how animals process them.

Moreton Bay Boys College Science Club
Please return this slip to Donna Bennett before Session 1. (Do not return this to the school)
