WEP Australia: International Student Exchange Programs

World Education Program (WEP Australia) is a secondary exchange student organisation without any religious or political affiliations, whose goal is to give to Australian families the opportunity to share their life and their culture with young international students for a school year, a semester or a term. We also send young Australian students overseas on secondary exchange programs. WEP Australia is a non-profit company registered with the Education Departments and regulatory bodies. Here are some reasons to host:

- Discover an unknown world through the personalities, desires and spirits of young international students.
- Learn to understand and see a different way of life and a different way of thinking.
- Enrich your family dynamic.
- Gain a better understanding of the difficulties encountered by a young student in a foreign country and further insight into your children's experiences.
- Give an opportunity to a young student to discover our country, our culture and our language.
