28 November 2014

Dear Parents and Caregivers,

Tuesday 27 January 2015 is the Moreton Bay Boys’ College Primary School ‘Meet and Greet Day’. In recognition of the significant transition for Year 4 into our new Digital Learning Program, this day will be a whole day immersion for the Year 4 students and staff with our ‘Connect 4’ program.

The ‘Connect 4’ whole-day program aims to assist in ensuring your son’s transition to a new year at MBBC, and commencement of the Digital Learning Program is as smooth as possible for Year 4 students. It is important to note that parents and students will be advised of class placement and teacher allocations in the letter accompanying report cards.

On this day, boys will work with Year 4 Teachers, our E-Learning Coordinator Mr Joe Lewczuk and other key staff to help setup, prepare and engage in processes and learning experiences designed to ensure a successful commencement to the year.

To enable this process to happen, it is essential that all boys and parents have completed the Responsible Use Agreement and returned this to MBBC Student Reception before the conclusion of this term. It is equally important to ensure that all students have their devices ready, meeting the minimum specifications outlines, for use on this day. These steps should include the following:

- Setup device
- Log in or create an iTunes account for the iPad
- Put Name on iPad and Case.

The day commences at the usual time of 8.15am, with boys to meet their teachers at the year 4 classrooms. Boys are required to wear their Sports Uniform (including cap) and bring morning tea. A BBQ lunch will be cooked and provided for boys by the College. Boys who have specific dietary needs that might conflict with a BBQ lunch are encouraged to bring their own lunch.

Our staff look forward to welcoming the boys to MBBC, whether new or returning, for another wonderful year. Further support through the preparation phase can be found on the Digital Learning Hub on MBBC webpage. http://mbbc.qld.edu.au/curriculum/digital-learning/.

Kind Regards

Mr Steve Box
Head of Primary
