Dear Year 12 Students and Parents

In 2015 Moreton Bay Boys’ College continued to achieve high academic results. We congratulate our senior boys on their commitment and dedication and we acknowledge with gratitude their teachers and parents who worked so effectively with each student.

We also extend our sincere appreciation to parents for your openness to selecting the pathways best suited to your sons and your support in working with us to provide the best outcomes.

The following results highlights the high performance of the class of 2015:

- 3% of students received an OP1
- 16% of students received an OP 1-5
- 57% of students received an OP 1-10
- 93% of students received an OP 1-15
- 100% of students received an OP 1 – 16

We recognise and congratulate those boys who are the School’s highest achievers in 2015:

OP 1: Daniel O’Brien
OP 3: Eamon Amsters, Christian Jensen

This is a fantastic effort by all the boys and an added accolade for Daniel who had an outstanding 2015.

Queensland Curriculum Assessment Authority data shows that Moreton Bay Boys’ College has performed above the State percentage in the QCS testing as indicated below. This is a pleasing result and one we are sure the boys will appreciate following their diligent application during the QCS Test.

QCS A or B for OP eligible students = 47%

Moreton Bay Boys’ College believes in the fundamental principle that all students have the right to be educated to their fullest potential, encouraging each boy to be the best he can be.
The best education outcome for each individual student is always the main objective. Our educational pathways therefore acknowledge those students who participate in alternative study programs to ensure their individual success and access to tertiary education.

We extend our best wishes and hope that you embrace the opportunities that lie before you on the next stage of your journey in 2016.

Well done!

Yours sincerely

Mr James Sloman
Executive Principal
